

# Use of Narita Smart IC

- The Narita Smart Interchange (IC) **improves accessibility** between downtown Narita and Narita International Airport.
- Even when the ordinary access route (National Route 295) to the airport is congested, **travel time remains the same**.

## Location of Narita Smart IC

The Narita Smart IC is located on the Narita Airport side of the Narita IC intersection. It can be used when traveling from downtown Narita to the airport.

## Operating Hours

The Narita Smart IC operates on a trial basis for nine hours per day, **from 6 a.m. to 3 p.m.**, through March 31, 2027.

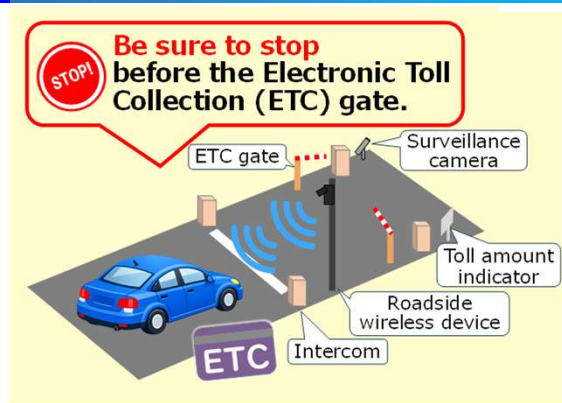

## Tolls

Trial-based discounted tolls will apply until March 31, 2027; for example, **100 yen for standard vehicles**.

Classification	Light vehicles, etc.	Standard vehicles	Mid-size vehicles	Oversized vehicles	Extra-large vehicles
<b>Discounted tolls (through March 31, 2027)</b>	<b>100 yen</b>	<b>100 yen</b>	<b>100 yen</b>	<b>150 yen</b>	<b>300 yen</b>
Regular tolls	230 yen	250 yen	270 yen	300 yen	400 yen

\*Only the mileage discount, bulk/frequent user discount, or passenger vehicle (fixed-route) discount can be used in combination with this discount.

## Precautions for Use

**Be sure to stop** before entering the ETC gate.

## Eligible Vehicles

**Only ETC-equipped vehicles** are eligible for the Narita Smart IC. Vehicles without ETC cannot use this interchange.
