**Table 1: List of foreign-invested enterprises in China**

This table provides a comprehensive overview of foreign-invested enterprises in China, categorized by industry and region. The data includes the company name, its legal form, the date of establishment, the amount of registered capital, and the amount of foreign investment. The table is organized into several columns:

- Serial Number:** A unique identifier for each enterprise.
- Company Name:** The name of the enterprise in Chinese and English.
- Legal Form:** The legal structure of the enterprise, such as Limited Liability Company, Joint Venture, etc.
- Establishment Date:** The date when the enterprise was established.
- Registered Capital:** The total amount of capital registered with the relevant authorities.
- Foreign Investment:** The amount of capital contributed by foreign investors.
- Address:** The registered address of the enterprise.
- Main Business:** The primary business activities of the enterprise.

The table contains numerous entries, representing a wide range of industries and regions. It is a detailed and structured list of foreign-invested enterprises in China.

A large, complex table with many columns and rows. The table is filled with text and numbers, representing a detailed data set. The columns are organized into several sections, likely representing different categories or attributes of the data being tracked.

Table with columns: No., Name, Address, Phone, Fax, Email, Website, etc. (Note: The image contains a highly repetitive table with many columns and rows, likely a contact directory or a list of similar items. The content is mostly illegible due to the small font and high density of text.)
