

To applicants and their guardians,

Chiba Prefectural Board of Education

### About the Expert Committee System for Entrance Examinations

In order for principals of Chiba prefectural high schools with fewer than the maximum number of applicants to make more accurate and appropriate pass/fail decisions, a system of gathering opinions from outside experts (hereinafter referred to as “expert committee members”) chosen by the Prefectural Board of Education has been established.

Please read and confirm the “System Outline” below. Please refer to the Chiba Prefectural Board of Education website for more information on this system.

If you do not agree to have the contents of your examination shared using this system, please fill out the “Non-Agreement Form” and submit it to the high school you are applying to.

Submitting or not submitting a Non-Agreement Form will not affect entrance examination decisions.

※ Those applying to schools with online applications should download the form from the website below. For those who have received the form in paper, please do not submit the double-sided version. Instead, make a copy of the form on the back side, or download a new form from the website below.
